 [Ford Ecat Electronic Parts Catalog](#)

**NOTE:** *Headlamp removed for clarity.*

| Item | Part Number                 | Description                                    |
|------|-----------------------------|------------------------------------------------|
| 1    | —                           | Side lamp electrical connector (part of 13192) |
| 2    | 13192 <a href="#">13192</a> | Side LED lamp                                  |

## Removal and Installation

1. Disconnect the electrical connector and separate the LED connector push-pin from the vehicle harness.
2. Push the LED harness through the front bumper cover and remove.
3. To install, reverse the removal procedure.
